GENERAL INFORMATION

MDS 3.0 Nursing Home (NH) Provider reports are requested on the CASPER Reports page (Figure 6-1).

Figure 6-1. CASPER Reports Page – MDS 3.0 NH Provider Reports Category

1. Select the MDS 3.0 NH Provider link from the Report Categories frame on the left. A list of the individual MDS Nursing Home Provider reports you may request displays in the right-hand frame.

   NOTE: Only those report categories to which you have access are listed in the Report Categories frame.

2. Select the desired underlined report name link from the right-hand frame. One or more CASPER Reports Submit pages are presented providing criteria options with which you specify the information to include in your report. These options may differ for each report.

3. Choose the desired criteria and select the Submit or Next button.
NOTE: MDS 3.0 reports access detailed information and may require a significant amount of time to process. Once you submit your report request(s), you may consider exiting the CASPER Reporting application, and viewing the completed report(s) at a later time.

4. Refer to Section 2, Functionality, of the CASPER Reporting User’s Guide for assistance in viewing, printing, saving and exporting the reports you request.

NOTE: MDS 3.0 reports are automatically purged after 60 days.

Some MDS 3.0 reports are queried by submission date while others are queried by target date. The submission date is the date on which the file was submitted to the MDS 3.0 Submission system. Target date is based on the value of A0310F, Entry/Discharge Reporting. The following is a list of target dates:

- Discharge Date (A2000) for A0310F = 10, 11 or 12
- Entry Date (A1600) for A0310F = 01
- Assessment Reference Date (A2300) for A0310F = 99

NOTE: As of March 18, 2012, item X0100 (Type of Record) was replaced with item A0050 (Type of Record). Item X0100 will appear as A0050 in all previously submitted records with target dates after September 30, 2010.

Resident ID is an internal ID that the MDS 3.0 Submission system assigns to the resident. It is not an ID assigned to the resident by the Long Term Care facility. This ID number is not the same as the Resident ID field of the MDS data set.

Assessment ID is an internal identifier the MDS Submission system assigns to a resident’s assessment.

NOTE: Only federally required (A0410 = 3) assessments and residents for whom federally required assessments were submitted are included in the MDS 3.0 Nursing Home (NH) Provider reports.
